GEAR UP FOR SCHOOL

**Providing school supplies
for our local community
students in need.**

Send students to school with fresh excitement for the year ahead with a backpack full of new school supplies.

Gear Up for School is not just about backpacks; it's about confidence, dignity, and a fresh start. We're not just handing out supplies; we're making sure every child walks into school feeling like they belong. To help us prepare the right number of backpacks and supplies for every student, registration is required for each child and must be completed in advance.

**AUGUST 22
